PUNKS & POETS

STANCE 

CHRIS COLE

Cole's achievements in skateboarding far outweigh whatever could be written here. Everyone is well aware of what a beast he is on his board and what he's capable of. With that said, we won't bother trying to envelop his amazing list of accomplishments here. The sheer volume spoken by Cole's decision to be part of Stance is best left as it is.

KASSIA MEADOR

Kassia Meador embodies grace, balance, style and beauty. She learned to surf in Malibu at the tender age of 14, where she discovered her talent for cross stepping and nose riding perfectly tapered waves. Kassia's surfing success has given her the opportunity to explore her other talents. She is an amazing photographer and artist and carries herself with grace.

MIKEY LEBLANC

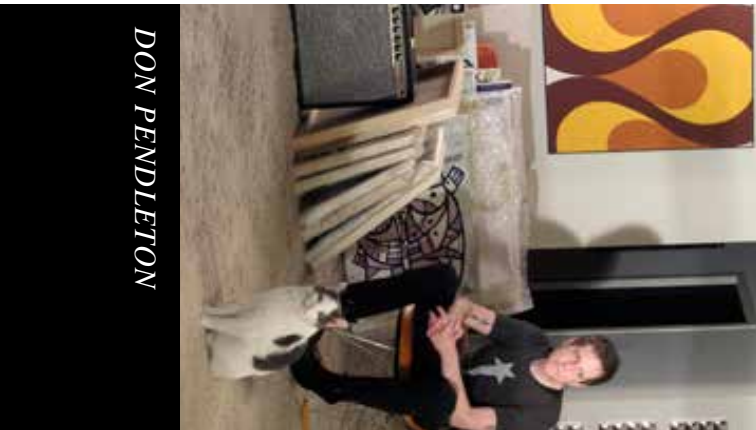

As a pro shred, entrepreneur, and designer, Mikey Leblanc has left his imprint on snowboarding's history—yet he's still going strong. Mikey laid down some of the most memorable video parts in the 90s. After founding his own streetwear and outerwear company, Holden, he also stands at the forefront of shred fashion. Mikey is nothing less than a living legend.

NYJAH HUSTON

Nyjah Huston has amassed a staggering list of accomplishments, including a career comeback, all before the age of 18. He has become one of the most progressive, unbeatable and famous skateboarders in history, and while it sounds ridiculous to say, he's really only just getting started.

PUNKS & POETS

DON PENDLETON

Don Pendleton grew up as a skateboarder in a small town in West Virginia. After a quick detour at the local university, he took any art job he could find until he landed a position doing graphics for Alien Workshop. Still doing what he loves, you can find him out on his board when the weather gets nice.

TYLER WARREN

Tyler Warren is an inspired 24 year old surfer, illustrator, and painter. He is a third generation artist, his uncle is a successful oil painter from Pasadena and his great uncle Roberto Montenegro was a famous Mexican muralist in the 1920s. Tyler's timeless, detailed works are inspired by his personal experiences and dreams.

ANDREW REYNOLDS

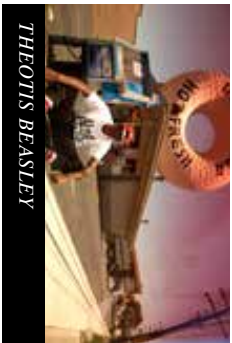

It is a fact that The Boss has permanently etched his influence on skateboarding. He's shared his creative vision and his passion for purty and progression through his life both on and off a board. We're proud to welcome Andrew Reynolds to Stance and are excited to bear witness and participate in the ongoing creation of his legacy.

JOHN JOHN FLORENCE

John John is a seemingly house hold name that the surf community has been familiar with for quite sometime. It reminded us that the kids are alright and the future of surfing will be in good hands. Well that day is here and John John has come to lay claim to his generational right. His surfing speaks for itself, embodying a certain innocence and dominance at the same time.
